TELLS OF "PEACE FEELER" SENT BY ASQUITH IN 1917

Berlin, Tuesday, Aug. 12.—(By the Associated Press.)—H. H. Asquith, former British premier, in 1916, launched a "peace feeler" in August, 1917, according to a letter written by Frau Frieda Perlen, president of the Stuttgart branch of the International Woman's league of peace and freedom to the Reichstag in Berlin. The letter received at that time from Conkhor Jo Jong Van Beekendonk, secretary of the Dutch anti-militarist league, in which he informed her that Mr. Asquith had asked him German chancellor saying that "a good answer would be of tremendous importance."

The letter to Frau Perlen said it was thought that Mr. Asquith was ready for an understanding if the reichstag should demonstrate it ruled the situation and really possessed power in Germany. This point it was said, would be carried if the majority of the reichstag should succeed in bringing about an unequivocal official statement regarding Belgium.

The letter begged her to do her utmost to induce the reichstag to make a statement. Van Beek said that the decision of Dr. George Michaelis, then German imperial chancellor, relative to safeguarding boundaries had, as he conceived it, created an unfavorable impression abroad and he declared that he wanted to establish whether the reichstag would not make clear the German stand regarding Belgium.

Frau Perlen states she took the letter to members of the reichstag, who promised to present the matter before committee that he wanted to establish whether the reichstag parties were so weak against the government military dictatorship they were guilty of a "collapse."

PRINCE OF WALES ATTENDS REGATTA, LOUDLY CHEERED

St. Johns, N. F., Aug. 12.—The shores of Quidiway Lake, 20 miles from the city were thronged with enthusiastic New Foundlanders today when the Prince of Wales, on his official visit to this colony, went to the lake for the annual regatta.

When the royal guest reached the lake every point of vantage was occupied. As he came into view a wave of cheering swept along the line.

After a program of events which kept him up until long after midnight yesterday, the prince slept at Government House, in the room occupied in 1869 by his grandfather, the late King Edward VII, when the Prince of Wales visited New Foundland.
